The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

## Predictions On The Basis of Planet Positions

### Ascendent Result

Your Ascendant is Gemini. Your Ascendant-lord is Mercury, which is a super-benefic planet in your chart.

By virtue of being born in Gemini Ascendant, you have a 'duality' in your otherwise charming manners and suave disposition. You are very intelligent and will have the special ability to comprehend and understand things very quickly. With your progressive ideas and unique practicability, people will consider you to be a versatile genius. Although you will be highly energetic and vigorous, will always be engaged in doing some work and will try to complete them as quickly as possible. Although you will be sensitive, you may tend to be somewhat fickle and inconstant; at the time of taking decisions, you may suffer from mental conflict. You may be changeful in many ways, for which people may consider you to be 'moody'. Owing to your excessive attraction to variety, you may not be interested in the same people, places and things for a very long duration. However, this tendency might prevent you to reach the summit in your fields of action. You will be learned, wealthy and bountiful; you will have many friends and will travel far and wide.

### Result for Planets in Signs

#### Sun

In your chart, the Sun is placed in sign Cancer. You will be a modest person but you may have to separate from your parents and relatives. You will be a cheerful person, will spend time in sport and pastimes and will become very popular in the circle of your friends and acquaintances. Although you may have a roving disposition, you will be fortunate in respect of your profession and earnings. You might be subdued by your spouse. During sometime in your life, you are likely to suffer from windy diseases, in which respect you should take preventive measures.

#### Mercury

In your chart, Mercury is placed in sign Cancer. You are likely to be fretful and inconstant; you may be disposed to idleness, yet clever enough to take advantage quickly. You may have strained terms with your relatives and may lack happiness on this count, as they might consider you unreliable. But your friends will be very helpful to you. You may go to a distant place and live there for a long duration. You will gain wealth from agricultural products, intellectual pursuits and also from fine arts.

#### Venus

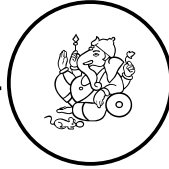

In your chart, Venus is placed in sign Gemini. This is a highly fortunate position and you will be engaged in activities related to literature and arts or may be involved in many enterprises. You might be associated with amazing stories or comic tales, which may bring you fortune. You are sure to be wealthy and famous; you are very much likely to go to foreign countries on some educational or cultural errand. If Mercury is also situated in Gemini, you will become a versatile genius and receive wide acclaim.

#### Mars

In your chart, Mars is placed in sign Libra. It will make you a tall person with a brisk and cheerful disposition. You will be meticulously dressed but will be somewhat boastful or haughty. But you may suffer from some physical discomfort and your enthusiasm could be diminished too soon. Unless Venus is well-placed in your chart, you may become somewhat belligerent and may become entangled in law-suits in connection with property-matters. If the Sun is also in Libra, then you may have some problem with the authorities or the govt., unless Mars is associated with or aspected by natural benefic planet(s).

#### Jupiter

In your chart, Jupiter is placed in sign Libra. This is a fairly good position; it will give you a mild

temper, winning manners and obliging disposition. You will have a tall, upright stature, a very handsome form and inviting face; with your presence itself, you will be able to command respect. But, as regards health, the position is not very good; you may suffer from ulcers or the like, lose appetite and eat food in limited quantity only. You might be somewhat unhappy on account of your spouse or children.

### **Saturn**

In your chart, Saturn is placed in sign Virgo. You are likely to have good gains from land development and agriculture. If Mercury is also well-placed or if aspected by Venus, you are likely to be an well-educated and highly respectable person, occupying a position of responsibility and trust. You will be religiously inclined and will treat pious people with great respect and honour. You may have more female children, who will be a source of pride and joy for their accomplishments and decent behaviour.

### **Moon**

The Moon is situated in sign Libra in your chart; so your 'Janma-Rashi' (or Chandra-Lagna) is Thula. Your mental qualities and certain other characteristics will be governed by this masculine, airy, humane and movable sign and, to some extent, by it's sign-lord Venus.

Moon in sign Libra is considered very beneficial if the sign-lord Venus is strongly placed and un-afflicted in your chart. Your mind might be changeful and you may have shifting objectives; your enthusiasm might be short-lived and as regards financial prospects, you may not be able to make much headway. You may have enmity with your own people, while befriending lower class and outcaste people. However, if the Moon is involved in some good yoga with other planet(s), then you will be able to improve your fortune through trading activities.

### **Rahu**

In your chart, Rahu is placed in sign Gemini. It is a favourable position and you will be very intelligent, clever and victorious in arguments. You will be a very quick performer and will be able to surprise others by your powers of discretion and capacity of planning. If Mercury is in a kendra (angular) position from Rahu, you will gain academic distinction and will have many journeys. If Rahu is situated in it's own star Aridra, it will give you sudden influx of wealth by your own endeavours from a distant place.

### **Ketu**

In your chart, Ketu is placed in sign Sagittarius. It is a favourable position and you will be very intelligent, clever and victorious in arguments. You will be a very quick performer and will be able to surprise others by your powers of discretion and capacity of planning. If Mercury is in an angular (kendra) position from Ketu, you will gain academic distinction and will have many journeys. If Ketu is situated in it's own star Moola, it will give you influx of wealth by your own efforts from a distant or even foreign place; if Ketu is situated in Moola star, then you will have very large gains through foreign trade.

### **Uranus**

In your chart, Uranus is placed in sign Scorpio. You may become a kind of rebel in your own way and may have no sense or appreciation of the orthodox in life; you may have strange experiences in your love-life and your outlook might be radically changed during sometime of your life. If Mars is well-placed, then you may tend to be fastidious and try to retain your figure neat and shapely; but if Venus is afflicted, then you might be very slovenly in dress and remain careless in respect of cleanliness.

### **Neptune**

In your chart, Neptune is placed in sign Sagittarius. It will make you a person of principles, possessing generous instincts as well; you will become a worthy companion and a trusted friend. You will not condone anything deceptive, tricky or unfair and will be quick to discern these traits if anyone tries to take any undue advantage. You might travel a lot and may become a prolific

story-teller.

### **Pluto**

In your chart, Pluto is placed in sign Libra. It is a fortunate position. It will accentuate the graceful poise and enhance the sense of balance and deportment. Your willingness to co-operate with others and exercise the function of arbitration will be well-marked. You are very much likely to take part in public and social life, in which your spouse will not only render support, but will actively assist you also.

## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the second house, which is called the house of wealth (Dhana). Besides wealth, the second house has governance over right eye, face, speech, family, family property, food and drink, enjoyment, education, etc. You will be very fortunate in all these respects. You will be very closely drawn to your family whose members will be very well disposed towards one another. You are likely to be very much money-minded and will direct your endeavours for amassing wealth through business and trade; your gift of eloquence will be an asset for you in this regard. You will have many costly acquisitions and will lead a very happy life with your relatives and friends in comfort and style. You will be truthful and honest and your words will carry weight; you will be known as a worthy person who always fulfils his/ her commitments. You will be in good terms with the people of aristocratic background and will receive benefits from them; you will have good gains from financial institutions also. With your pleasing disposition and winning manners you will secure a respectable position in society. You may not be interested in travelling much but you will enjoy attending social gatherings in your locality.

### Lord of 2nd House

In your chart, the second-lord is situated in the fifth house, which is called the house of merit (Purva-punya). This gives rise to a favourable 'Dhana Yoga' combination and you will be very fortunate in respect of all favourable 2nd house attributes : wealth, family, speech, education, property, food and drink, enjoyments, etc. In addition, if the 5th-lord is also found to be situated in the 2nd house, then you will be rolling in wealth by having boosted earnings from speculative investments, sports activities and/ or from entertainment fields. You will tend to take big risks for which your earnings will considerably fluctuate between the extremes. If a natural malefic planet is with the 2nd-lord or aspects it, then the fluctuations will be wide and you may run the risk of incurring big losses through unwise speculative investments. But if a natural benefic planet is with the 2nd-lord or aspects it, then you will have the last laugh; besides, you will be fortunate in respect of having worthy and dutiful children who will become a source of pride and joy to your family with their accomplishments and deeds. If your Ascendant is Taurus, then the 2nd-lord Mercury exalted in the 5th will make you a very learned and highly prosperous person.

### Lord of 3rd House

In your chart, the third-lord is situated in the second house, which is called the house of wealth (Dhana). This position is not very good for having cordial relationships with kindred and co-borns -- this is more so if the Ascendant is Leo, in which case it can give some unfavourable changes in profession also. If the 3rd-lord is associated with or aspected by a natural benefic planet, then the things will be considerably improved and will give you a pleasing disposition; but if the 3rd-lord is associated with or aspected by a natural malefic planet, it will keep you in anxious or worried state. If the Ascendant is Sagittarius, then this position will be quite beneficial as the 3rd-lord Saturn will be situated in own sign. If your 3rd-lord is debilitated, on the good side, it will give you a high longevity but on the other side, it would affect the inheritance-prospect of your spouse as she/ he may have to fight a long-drawn law-suit. Whatever be the Ascendant, for the prospect of professional progress of children, this position is very good; they will be very talented, acquire some special skills and put these into practice in a very constructive way.

### Lord of 4th House

In your chart, the fourth-lord is situated in the second house, which is called the house of wealth (Dhana). If it is not 'combust', then this is a favourable position for the 4th-lord and you will be fortunate in many respects; your family-life will be peaceful and happy -- more so if the 2nd-lord is also well-placed. As the 4th is the 8th from the 9th while the 2nd is the 6th from the 9th, it indicates 'Veepareeta Raja Yoga' results for your father who might have had suddenly came to riches in quite a spectacular manner. You are likely to be from a business-family or your family may have a steady source of earning from property or investments. You may have good earnings from agricultural

produce, fertilisers, land/ buildings, minerals, educational institutions, automobiles/ components, etc. If your Ascendant is Sagittarius, then the 4th-lord Jupiter, which will act more as the Ascendant-lord will be debilitated in the 2nd; for this, although you will acquire riches through convenient means, you may lack something precious and your family-life may not be very peaceful. In addition, if the 2nd-lord is in the 4th house, you are sure to become exceedingly rich through house-rentals, property-dealings, automobiles/ transport, etc sources.

### **Lord of 5th House**

In your chart, the fifth-lord is situated in the Ascendant, which is called the house of body (Tanu). The 5th indicates purva-punya, grand-father, merit, intelligence, rank, own children, etc.; you will be fortunate in many such respects. You will be intelligent and meritorious, acquire good education and occupy a position of rank; you are likely to be in service -- more so if the Sun is well-placed. If Mercury is well-placed, then you will have much of interest in speculative investments and if Venus is well-placed, the entertainment fields might attract you. In your childhood you will be very dear to your grand-father and when grown up, you will have dutiful children -- more so if Jupiter is also well-placed. If your Ascendant is Aries or Libra, then the 5th-lord will be exalted in the Ascendant and you will be highly fortunate; if Mercury is also well-placed, you will have excellent education -- which is likely to be 'application-oriented'. But if your Ascendant is Cancer, then the 5th-lord will become debilitated in the Ascendant; although this position favours material prosperity, you may have some health-problems and may become unhappy on account of your children. You may have to leave your home and go to a distant place for earning your livelihood; you may have job-changes a few times which may occur very suddenly.

### **Lord of 6th House**

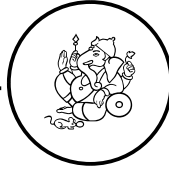

In your chart, the sixth-lord is situated in the fifth house, which is called the house of merit (Purva-punya). If your Ascendant is Virgo, then the 6th-lord will be the 5th-lord as well; for being situated in own-sign in the 5th, it will offer you gains from speculative investments; you may do well in competitive examinations and may become well-placed in service if a natural benefic planet is situated in the 6th or aspects it. Otherwise, this position is not favourable; you may lose your discrimination, may fail in competitive examinations and your children may cause you worries. If your Ascendant is Taurus, then the 6th-lord will become debilitated in the 5th; it may not allow you to secure a good rank easily, you may be in service in private companies and may have job-changes a few times. If the 6th-lord is a natural malefic planet or if such a planet is situated in the 5th, it may give difficult child-birth and harm the prospects of your children -- this will be more so if the Sun is in the 6th while either Rahu or Ketu is also situated there. If your Ascendant is Scorpio, then the 6th-lord Mars will aspect the 12th house; you may suffer from some disease or injury affecting your feet for which you might even need hospitalization.

### **Lord of 7th House**

In your chart, the seventh-lord is situated in the fifth house, which is called the house of merit (Purva-punya). As the 5th-house is the house of discretion and speculative investment while the 7th house is the house of trade and private business, if your 7th-lord is well-placed, then you will be tempted to taking risks and start a private venture of your own which is very likely to prosper if a natural benefic is well-placed in your chart. As the 5th is the house of love-affairs and the 7th is house of marriage, you are likely to fall in love very passionately and will have a deep desire to marry your loved one. If Jupiter is situated in or aspects either the 5th or the 7th house, then socially arranged marriage is more likely although the spouse might be self-chosen; whereas love-marriage is likely if only natural malefic planets influence both of these two houses. You will be fortunate if your Ascendant is Capricorn or Scorpio since the 7th-lord will be exalted in the 5th, your spouse will come from a wealthier family, will be a loving and considerate person and you will have worthy children. If the 7th-lord is well-placed or if Venus is either associated with or aspected by a natural benefic planet, you will be fortunate in respect of your spouse and if the 5th house is under benefic influences, then you will be fortunate in respect of having dutiful children.

### **Lord of 8th House**

In your chart, the eighth-lord is situated in the fourth house, which is called the house of happiness

(Sukha). You must need to be specially careful when you will be crossing over the bridges or will remain on or over the surface of large watery bodies like lakes, rivers, etc -- more so if you are a male person. This position is never good as chances of drowning is feared -- which may even lead to tragic death prematurely -- unless modifying combinations are present in the chart. Worst becomes the case if the Ascendant is Aries; as the 8th-lord Mars, who is the Ascendant-lord also, becomes debilitated in the 4th. However, the condition is considerably improved if Jupiter or Venus is situated in or aspects the 8th house while opposite would be the result if the 8th house is influenced by a natural malefic planet. If Mercury is ill-placed, education might be affected; but if Mercury is well-placed, it will give 'application-oriented' education and you may have interest in occult subjects. If Mars is associated with or aspected by a natural malefic planet, there could be quarrels in the family and possibility of loss of property through theft or calamitous happening will hang on. If the Moon is associated with or aspected by a natural malefic planet, you may lack peace of mind altogether and the health of your mother might cause you serious concern.

### Lord of 9th House

In your chart, the ninth-lord is situated in the fourth house, which is called the house of happiness (Sukha). As a trikona-lord placed in a kendra house, the 9th-lord becomes a temporal 'yoga-karaka'; it favours material prosperity; it will make you very active and fortunate as well. This position favours higher education in some 'application-oriented' field -- more so if Mercury is also well-placed. As the 4th indicates profits while the 9th rules over foreign countries, you may earn good profits from foreign sources. If Venus is also well-placed, then fashionable dresses or designer jewellery could be favourable commodities for dealing in. If your Ascendant is Aquarius or Leo, then the 9th-lord will be the 4th-lord as well, for which an auspicious 'Pancha-Mahapurusha Yoga' will be generated; your wealth and material possessions will be ever-waxing. Although this position will make your father long-lived, your mother may suffer from diseases -- unless the Moon is well-placed. This position makes one a book-lover and an ardent collector of objects of interest. Depending on the planet influencing the 4th house, you may have your fortune from the various 4th house significations like building construction (Mars), educational institutions/ books (Mercury), agriculture/ farming (Jupiter), vehicles/ transport (Venus), mines/ minerals (Saturn), etc.

### Lord of 10th House

In your chart, the tenth-lord is situated in the Ascendant, which is called the house of body (Tanu). This is a highly fortunate combination as you will be a very active person and will be very fortunate in respect of your profession. This will be more so if your Ascendant is Virgo as the 10th-lord will be exalted in the Ascendant and if your Ascendant is Pisces, then the 10th-lord will be in own-house in the Ascendant; you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga' in such cases. However, if your Ascendant is Aries or Cancer, then the 10th-lord will be debilitated in the Ascendant and unless the Ascendant-lord is well-placed, or a natural benefic planet is situated in or aspects the 10th-house, you may not be fortunate in respect of profession -- this will be more so for Aries Ascendant as Saturn will act as the obstructor (badhaka), it's aspect on the 10th house may create many obstacles in the sphere of profession and for Aries Ascendant, Jupiter will not be benefit-giving in the 10th as it will be debilitated. For all Ascendants, if the Sun or Mars is situated in the 10th, then highly beneficial results will be enjoyed as the planet will acquire directional strength (Dik Bala) -- this will be more so for Aries Ascendant as the Ascendant-lord will be exalted in the 10th. For all Ascendants, if the Ascendant-lord is also placed in the 10th or if a benefic planet is situated in or aspects the 10th house, highly favourable results are expected.

### Lord of 11th House

In your chart, the eleventh-lord is situated in the fifth house, which is called the house of merit (Purva-punya). This is a highly fortunate position as the 11th-lord will be aspecting it's own house and shower you with it's choicest blessings; as it gives rise to auspicious 'Dhana Yoga', it will steadily push you up through the rungs of social ladder. This position favours receiving excellent education and it will make you highly intelligent; you are sure to occupy a prestigious and lucrative position. You will move in high circles and will have gains from various sources including speculative investments and entertainment fields. The circle of your friends and acquaintances will be very large, and they will always be ready to assist you actively. This position also favours the prospect of

having worthy children -- more so if the 5th house is also well-disposed or if a natural benefic planet is situated in or aspects the 5th house. Your mind will be fruitful and you will always remain engaged in creative pursuits; if Venus is well-placed, then you may gain some proficiency in the field of fine arts and if Mercury is well-placed, then you would be able to weave fantastic webs and by using your pen, you might be able to make thousands, perhaps millions, think.

### **Lord of 12th House**

In your chart, the twelfth-lord is situated in the Ascendant, which is called the house of body (Tanu). This position will make you imaginative and dreamy; if Jupiter or Mars aspects the 12th house or its lord, you will have great interest in the occult and mystic subjects. If your Ascendant is Aquarius, then the 12th-lord will be the Ascendant-lord also and will act more like the latter; in such case, you can expect only favourable results as the Ascendant-lord in the Ascendant ensures over-all prosperity. If your Ascendant is Aries or Libra, then as the 12th-lord will be the 9th lord also, you will be religious-minded and fortunate in general affairs; you may have journeys to and gains from distant places/ foreign countries and if Mercury is well-placed, you will receive high education. If your Ascendant is Gemini or Sagittarius, then as the 12th-lord will be the 5th-lord also; this will give you good education, gains from speculative investments and you will be fortunate in respect of having worthy children. If your Ascendant is Leo, it will remain fairly neutral; and if the Sun is in the 12th, you may have your fortune in a distant/ foreign place and stay there for a very long duration. But if your Ascendant is Capricorn, then the 12th-lord will be debilitated in the Ascendant and cause you heavy expenditures and losses -- more so if Saturn is not well-placed. If your Ascendant is any other, you may have some unhappiness on account of your children.

## **Results for Planets in Houses**

### **Sun**

Since the Sun is situated in your 2nd house, you will receive favours from your superiors, benefits from government sources and through your association with the people of rank and status. If a natural benefic planet is also in the 2nd or aspects it, you will have good gains and lead a happy family life; but if a natural malefic planet is also in the 2nd or aspects it, then the results will be the opposite. If a "combust" planet is in the 2nd, then you may suffer from some disease, your speech may become harsh and you may quarrel with your family-members. If your Ascendant is Pisces, the Sun will be exalted and, as the 5th-lord in the 2nd, it will offer auspicious 'Dhana Yoga' results; you will earn well from speculative investments and will be fortunate in respect of your family and children. If your Ascendant is Cancer, then the Sun will be in own-house and will make you fortunate in respect of family and wealth. If your Ascendant is any other, then you may have some problems with your eye-sight. If your Ascendant is Virgo, the Sun will be debilitated and, as the 12th-lord in the 2nd, it will offer inauspicious 'Dainya Yoga' results; if Venus is not well-placed, then you may have to meet with heavy wasteful expenditures and may even incur big losses.

### **Mercury**

Since Mercury is situated in your 2nd house, you will have your gains through educational institutions, writing/ editing, correspondence/ communications and also through acquired skills or common industries. With this position, some chance of loss by theft or sharp practices are feared -- unless your Ascendant is either Taurus or Leo. If Ascendant is either Taurus or Leo, you will be fortunate in many respects as own house or exalted Mercury will help you to accumulate cash by proper utilisation of your education and learning. If Mercury is debilitated or is retrograde or if it is situated in movable or chara signs (Aries or Cancer or Libra or Capricorn), you are likely to become a clever speaker and may do well as a broker or an agent. If Mercury is associated with the Sun or Jupiter or Venus or even Saturn, you will be far less likely to lose your discretion; but if it is associated with or aspected by Mars or the Moon or Rahu, you may become your own enemy and unnecessarily spoil relationships even with your own people. If Saturn or Ketu is close to Mercury, you may habitually speak less except when the subject interests you.

If the Sun is with it, you will enjoy the favourable results of 'Budhaditya Yoga' if either of the planets is well-placed and you will have good academic accomplishments; else, you will enjoy the results of 'Nipuna Yoga' and gain some expertise in some common arts which can find useful application in your profession.

### **Venus**

Since benefic planet Venus is situated in your Ascendant, you will have an amiable and docile nature, a sociable spirit inclined to brilliant company, pageants and festivities. You may be very much interested in poetry, drama, music, singing, dancing and may have good proficiency in fine arts. You will be very much fond of all sorts of sparkle and glitter. You will be fond of comfort and luxury; you are very much likely to spend a lot for acquiring fashionable dresses, perfumes, jewellery, personal adornments, etc.

Your domestic life will be peaceful and happy; socially you will be a well-known and sought-after person. If your Ascendant is Taurus or Libra or Pisces, then you will be more fortunate as it will be in own house or exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Virgo, then debilitated Venus would create health-problems and you may not be fortunate in respect of your profession -- unless Mercury is well-placed, or either the Moon or Jupiter is with it or aspects it. If Venus is close to the Sun, then you may suffer from eye-disease and wear specs. If it is close to Saturn, then you might be reserved. If it is close to the Moon, then you will always remain in a happy and joyous mood. If it is close to Rahu or Ketu, then you might be greedy and find it difficult to resist temptations.

### **Mars**

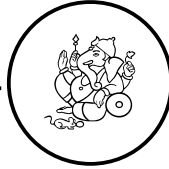

Since Mars is situated in your 5th house, you will be fortunate if your Ascendant is Virgo as Mars will be exalted or if your Ascendant is Cancer or Sagittarius as Mars will be in own house; but you may not be very fortunate if your Ascendant is Pisces as Mars will be debilitated -- unless the 5th-lord is also well-placed or if Jupiter or Venus is situated with it or aspects it. This position is not favourable for child-birth as often miscarriages are indicated -- more so if it is situated with or aspected by a natural malefic planet. If your Ascendant is Leo, it will give you 'application-oriented' education like chemical technology or industrial engineering and if the 8th-lord aspects Mars, you may face problems from flooding water. As Mars aspects the 8th-house, if Mercury is well-placed too, you may be interested to learn Astrology. If a natural malefic planet is situated in or aspects the Ascendant or the Moon-sign while the the 8th-lord also aspects Mars, then you may face accidental mishaps a few times -- it will be more so if Mars is retrograde.

### **Jupiter**

Since Jupiter is situated in your 5th house, you will be a gifted person and will be exceedingly fortunate as the best of the natural benefic planets will be aspecting your 9th (= father, fortune, etc), the 11th (= earnings, friends, etc) and the Ascendant (= body, all affairs in general), besides benignly guarding the 5th house (= merit, rank, childbirth, etc). This will be more so if your Ascendant is Pisces as Jupiter will be exalted or if your Ascendant is Leo or Scorpio as Jupiter will be in own house; then you must have been born in a noble family with a lot of 'purva-punya' to your credit, live a long life in happy circumstances and may leave your distinctive mark in some creative fields. You will be fortunate in respect of your grand-father, father and children as well. You will be a learned person and will have religious inclinations; you will have many journeys to distant places and may travel in foreign countries on a religious or cultural errand and may also visit the pilgrim centres. If your Ascendant is Virgo, then Jupiter will be debilitated in the 5th; then you may not be fortunate in respect of your education and child-birth unless Saturn is well-placed or a natural benefic planet like Venus or Mercury influences the 5th house by its position or aspect.

### **Saturn**

Since Saturn is situated in your 4th house, you may tend to be tied down to the same place which could be to your detriment and unless Saturn is exalted or in its own house, you may face some problems in connection with your house, agricultural land or property matters. This position can make you very much concerned about furthering your own interests and as Saturn aspects the 10th house, it gives you an unique ability to divert people's attention which might work well for long but

finally would take you to face the 'wall of stone'. If the 4th-lord or Mars is well-placed, then you will be fortunate in respect of property-matters but Saturn in 4th can act as a 'thorn in the flesh'. If your Ascendant is Cancer, then Saturn will be exalted in the 4th and if your Ascendant is either Libra or Scorpio, then it will be in own-house in the 4th; in all these cases, you will enjoy the beneficial effects of 'Pancha Maha-purusha Yoga' which will make your prosperity ever-waxing. If your Ascendant is Capricorn, then debilitated Saturn may give you some problems and you may suffer from some disease affecting your head; but if Mars is well-placed or if a natural benefic planet is situated in the 4th or aspects it, then the situation will be considerably improved.

### **Moon**

Since the Moon is situated in your 5th house, you will be very fortunate in many respects -- more so if the Moon is 'waxing' and if your Ascendant is Capricorn as the Moon will be exalted or if your Ascendant is Pisces as the Moon will be in own house; you may have a fertile imagination and artistic inclinations. If your Ascendant is Cancer, the Moon will be debilitated and if it obtains 'neecha-bhanga' (cancellation of debility), you will be fairly rich and well-placed in life; but, inspite of being financially well-off, you may not obtain very favourable results in certain respects -- unless Mars or Jupiter is well-placed. If Mercury is well-placed, you will have good education and may have some gains from speculative investments. If Jupiter or Venus is situated with the Moon or aspects it, then you will be fortunate in respect of your children; opposite will be the results if it is under the influence of natural malefic planets.

### **Rahu**

Since Rahu is situated in your Ascendant, you might had been born in troubled circumstances. You are likely to have attractive appearance and might become very popular. During sometime in your life, you may face insurmountable opposition and may become somewhat confused or undecided. Your unorthodox views might generate some controversy or you may opt for a self-chosen life-companion.

Unless Rahu is in own star or is involved in star-exchange with a natural benefic planet, it may bring in some unusual problems in married life where the cause of problem will be difficult to isolate. If Rahu is situated in Ketu's star, then you might become prone to face accidental mishap. If the Sun is situated close to Rahu, then you may suffer from hereditary diseases. If the Moon or Mercury is with Rahu, then your thinking might be somewhat confused but if Mercury is situated in the 7th-house, then you will be bestowed with sharp intelligence and academic distinction. If Mars is situated close to Rahu, then you may have a violent temper, have undesirable associations and, if you are male, may acquire some bad addictions.

If Rahu is in Taurus, Virgo, Capricorn or Aquarius and a natural benefic planet is with it or aspects it while the Ascendant-lord is also strong, then you may have been born in a noble family or will become very rich.

### **Ketu**

Since Ketu is situated in your 7th house, you will enjoy 'mixed' results of good and bad both. This position is not considered favourable for happiness in marriage; however, if Ketu is in Scorpio or Pisces or if it is situated in it's own-star, it gives improved results while the results become worse if Ketu is in Taurus as you may be troubled by opponents and face many problems -- unless Mars is well-placed. However, this position is favourable in certain respects : if Mercury is also well-placed, you can gain good proficiency in computer operations fairly fast and can have good gains from service in this field; you may even start your own business pretty soon if the 7th-lord is well-placed or if a natural benefic planet is situated in the 7th or aspects it. If Ketu is in star of Rahu or Mars, you may have some quarrels and/ or face accidental mishaps. Ketu gives good results if it is with Jupiter or is aspected by it or is situated in the star of Jupiter or Venus.

### **Uranus**

Since Uranus is situated in your 6th house, you are to experience some unfavourable results. Although you will be able to overcome your enemies by resorting to unorthodox methods, some of your relatives may behave in an undesired manner and cause you great annoyance. Your subordinates or employees may become very obstinate and demanding which might become a

source of your worries; by refusing to co-operate, they might cause you discomfort, inconveniences and even losses. If a natural benefic planet is situated with it or aspects it, then you may be able to arrive at an amicable settlement, but if a natural malefic planet is with it or aspects it, then the situation may worsen and it can affect your nerves and tell upon your health. Uranus will give better results if it is placed in sign Aquarius or Gemini or Libra.

### **Neptune**

Since Neptune is situated in your 7th house, you are likely to face many problems unless your 7th-lord is well-placed. Your married-life may not be very happy as you would tend to habitually neglect your duties. If Venus is also afflicted by natural malefic planet(s), you may have an illicit relationship and may outrage the established norms of the society; this may arouse jealousy; if your 10th-lord is also afflicted by natural malefic planet(s), a scandal may break out and you may suffer dishonour owing to the crafty design of some insidious mean-minded people. You are better advised to stay away from immoral practices as you may bring on some wasting disease of neurotic type and your spouse may have to suffer. If Jupiter is in the Ascendant or aspects it or if the 4th-lord is well-placed, then the situation will be improved. If Neptune is retrograde or is in adverse aspect with a natural malefic planet, then it may cause you grief.

### **Pluto**

Since Pluto is situated in your 5th house, you may have some very desired results in certain respects at a point of time while you may also have some very undesirable results at some other point of time. This position is specifically unfavourable for speculative investments as incurring great losses are feared owing to calamitous causes. If the 5th-lord is well-placed or if a natural benefic planet is situated with it or aspects it, then you may be able to show your capacity for invention, creative ability in some artistic field or talents for theatrical actions. But if the 5th-lord is ill-placed or if a natural malefic planet is situated with it or aspects it, then you may have a misalliance and go down-the-hill recklessly for which you may later become a victim of physical violence and/ or may even opt for having or inciting an abortion.
